Judging panel assesses entries for IHS Jane’s ATC Awards 2016

LONDON, UK (11 December, 2016) – IHS Inc. (NYSE: IHS), the leading global source of critical information and insight, today announced that the nomination period has closed for the IHS Jane’s ATC Awards 2016.

Winning organisations will be honoured in a ceremony in Madrid on 7 March 2016, held during the CANSO ATM Dinner before World ATM Congress.

“Since 2001, the ATC Awards have been the industry's choice to recognise collaboration and innovation in airspace management,” said Ben Vogel, editor of IHS Jane’s Airport Review. “This year is no exception. The nominations reflect developments around the world to improve efficiency, safety and environmental stewardship.”

“As the global voice of air traffic management CANSO is delighted to host the 2015 IHS Jane’s ATC Awards for the 6th year,” said CANSO director general Jeff Poole. “The increased number of entries reflects the extent of innovation, delivery and performance improvements across the ATM industry. I congratulate those that have been shortlisted for these increasingly competitive and prestigious awards. CANSO Members look forward to applauding the winners and all entrants at the CANSO ATM Dinner on 7 March 2016.”

ATC Awards: the Contenders

Nominations are listed below in alphabetical order:

ADB – ADB Power HF
AEROTHAI – Suvarnabhumi Gate Hold Manager
Airservices Australia - Airport Meteorological CDM
Airtel ATN – MTP-400 VDL test system
Albcontrol – ATM modernisation
Aquila ATMS – Project Marshall for UK MoD

Thor Guard – GENS lightning prediction
UFA – Simulator training for runway safety

About the IHS Jane’s ATC Awards

Held annually since 2001, the awards celebrate improvements in ATC and airspace management during the past year across six categories:

- **Enabling technology**: contributions to enhanced capacity and safety;
- **Environment**: recognising work on ‘green’ ATM concepts;
- **Industry**: reflecting a significant contribution by equipment suppliers;
- **Technology**: for small enterprises that have raised ATM performance;
- **Service Provision**: for contribution to safe and efficient airspace management;
- **Runway**: for safety and efficiency on the runway and final approach

Nominations are assessed by a panel of judges from the Federal Aviation Administration (FAA), International Civil Aviation Organisation (ICAO), Eurocontrol, CANSO, the International Air Transport Association (IATA), the International Federation of Air Traffic Controllers’ Association (IFATCA), and IHS Jane’s.
